Professional Summary

Passionate and detail-oriented B.Tech student specializing in Artificial Intelligence with strong interests in futuristic UI development, robotics, AI systems, and modern web technologies. Skilled in building intelligent applications, immersive user experiences, and futuristic AI systems and immersive digital experiences while exploring modern web technologies, AI tools, and creative development workflows.

Education

Bachelor of Technology (B.Tech) in Artificial Intelligence

SAGE University, Indore

2026 – 2029

Relevant Coursework:

- Artificial Intelligence
 - Data Structures & Algorithms
 - Machine Learning
 - Python Programming
 - Database Management Systems
 - Web Development
-

Technical Skills

Programming Languages

- Python

- C++
- C
- Basic JavaScript
- HTML/CSS

Frontend Development

- React.js
- Next.js
- Tailwind CSS

AI & Data Science

- AI/ML Basics
- NumPy
- Pandas
- Data Analysis Using Python
- Prompt Engineering
- Vibe Coding

Tools & Platforms

- Git & GitHub
- VS Code
- Cursor AI
- Figma

Projects

AI Fruit Harvesting Robotic Arm

Tech Stack: Python, AI, Robotics

- Designed a smart robotic arm concept for automated fruit harvesting and ripening analysis.
- Focused on improving agricultural automation using AI-driven decision making.
- Worked on integrating intelligent sensing concepts and robotic movement planning.

Futuristic Portfolio Website

Tech Stack: Next.js, Tailwind CSS, Framer Motion

- Developed a cinematic portfolio website with smooth animations and modern UI/UX.
- Implemented responsive layouts, glassmorphism effects, and interactive motion design.

- Optimized performance and user experience for modern devices.
-

Data Analysis Using Python

Tech Stack: Python, NumPy, Pandas, Matplotlib

- Performed data cleaning, visualization, and analysis using Python libraries.
 - Built analytical workflows for extracting insights from datasets.
 - Created visual reports and statistical summaries.
-

Certifications

- Red Hat Certification
 - AWS Certification
 - Cisco Certification
 - Microsoft Certification
 - Smatrix Certification
 - AI/ML Workshop Certifications
 - Web Development Certifications
 - SAGEX Certifications
-

Achievements & Activities

- Successfully launched an MVP product called Nexora.
 - Participated in workshops, hackathons, and volunteering activities.
 - Exploring futuristic AI systems, robotics, and immersive web experiences.
 - Active learner in AI, robotics, and futuristic web technologies.
 - Participated in technical workshops and coding practice sessions.
 - Interested in creative development and modern UI engineering.
-

Soft Skills

- Problem Solving
 - Team Collaboration
 - Creative Thinking
 - Communication
 - Fast Learning
-

Languages

- English
 - Hindi
-
